Session on, “Basics of Android OS”

Er. Dhiraj Kulkarni

Software Engineer, Amdocs Ltd, Pune

Monday, 16th Jan 2023

Er. Dhiraj Kulkarni (Distinguished Alumnus 2015 Batch)

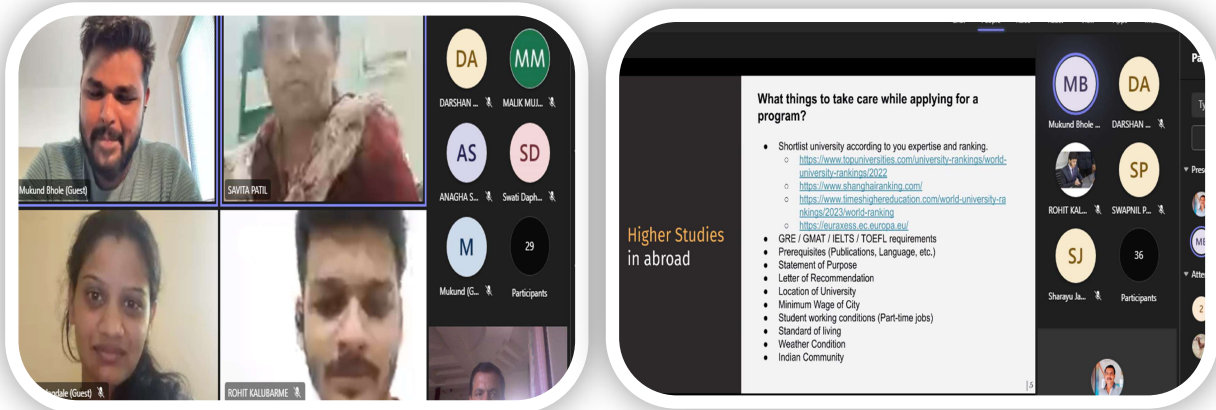

working as software engineer at Amdocs Ltd. Pune has delivered a session on basic of android, it is an open source and Linux-based Operating System for mobile devices such as smartphones and tablet computers. Android was developed by the Open Handset Alliance, led by Google, and other companies. Android offers a unified approach to application development for mobile devices which means developers need to develop only for Android, and their applications should be able to run on different devices powered by Android. The first beta version of the Android Software Development Kit (SDK) was released by Google in 2007, whereas the first commercial version, Android 1.0, was released in September 2008. On June 27, 2012, at the Google I/O conference, Google announced the next Android version, Android 13 Tiramisu is an incremental update, with the primary aim of improving the user interface, both in terms of functionality and performance.

Google publishes most of the source code for Android under the Apache License version 2.0 and the rest, Linux kernel changes, under the GNU General Public License version 2. Android applications are usually developed in the Java language using the Android Software Development Kit. Once developed, Android applications can be packaged easily and sold out either through a store such as Google Play or the Amazon Appstore. Android powers hundreds of millions of mobile devices in more than 190 countries around the world. It's the largest installed base of any mobile platform and is growing fast. Every day more than 1 million new Android devices are activated worldwide. This session specially conducted for TY students; total 35 students were attended this session from department of CSE.

Mr. Shreyash Patil, Miss Prachi Mahind, Miss Snehal Patil, Miss Pratiksha Patil, Miss Sayali Kadam, Miss Prachi Patil and Mr. Bharat Patil of different batches were present during NBA- Alumni meeting on 21th Jan 2023

Mr. Swarup Patil, Industry Inspector and Excise Sub Inspector and **Mr. Chaitanya Kurnade** Sales Tax Inspector (2019 Batch) has delivered an expert session on “How to Prepare for Competitive Exams” for SY Students on 16th March 2023

Alumni Achievement

Department of Mechanical Engineering

Dr. Sumit Dubal an alumnus of the 2012 Batch (Mech. Engg). has successfully completed Ph.D. He is currently working as an Assistant Professor in the School of Automobile Engineering at Symbiosis Skills and Professional University, Pune..

Thesis Title - **"Electrospun Polyacrylonitrile Carbon nanofibers for super capacitor application- Synthesized electrospun carbon nanofibers for energy storage application.."**

Degree Awarded by **'Bharati Vidyapeeth Pune'**.

Congratulations!

CONGRATULATIONS

For shining in MPSC 2021 Examination

Miss Rutuja R. Patil

State Excise Inspector &
Industry Inspector

Alumni of Batch 2016-17

Department of Mechanical Engineering

Kasegaon Education Society's
RAJARAMBAPU INSTITUTE OF TECHNOLOGY,
Rajaramnagar, Dist. Sangli, Maharashtra, India 415 414.

CONGRATULATIONS

For shining in MPSC 2021 Examinations

Miss. Sonal Ramesh Suryawanshi

OBC Female Rank- 6th
General Rank- 331st

Alumni of Batch 2019-20

Department of Mechanical Engineering

Kasegaon Education Society's
